

# RRI

# PR 193.041

Niklas Gudowsky-Blatakes, Jaro Krieger-Lamina

Master Media and Human-Centered Computing

Summer Term 2021

## Welcome to PR-RRI in SS21...

- Due to the well known COVID-19 restrictions, we will conduct the course via distance learning
- Our primary platform is TUWEL, please use the forum to post questions that may concern other students as well
- Small group sessions and tutoring will be conducted via video-conferencing, chats...
- You can always contact us via e-mail!

## This is us... (in the year 2012)

## Course description

- *Building on the material presented and discussed in the VU, students will choose a research project (from their own experience or an imaginary one), write a proposal for that project and then change roles... So they become evaluators for the project of another group.*
- *They have to assess the strengths and weaknesses of the project with regard to the different RRI dimensions.*
- *They will furthermore develop recommendations for an improved project design in case of identified deficits.*
- *In intermediate and final presentations, students showcase progress and will write a critical evaluation report.*
- *Finally a revised version of the project proposal is expected, implementing improvements and answering criticism from the evaluation reports.*

# Semester outline

## Phase 1:

1. Find group, choose project (today)
2. Send project details & present decision (2nd meeting)
3. Write proposal for funding

## Phase 2:

1. Send and present full project proposals (3rd meeting)
2. Change role to reviewer; assess other group's proposal critically, focus on RRI
3. Submit and present RRI-evaluation report (4th meeting)

## Phase 3:

1. Include feedback into own proposal
2. Send revised proposal

## Important dates

18.3.	13:30-13:45 zoom	Introduction to VU, PR
22.4. Thu	10:00-12:00 TUWEL/zoom	<b>1<sup>st</sup> Meeting: Discussion of task, forming groups, organisational matters, assignments</b>
2.5. Sun	23:59   TUWEL	Deadline: upload details on selected project (1 page)
6.5. Thu	10:00-12:00 TUWEL/zoom	<b>2<sup>nd</sup> Meeting: Short presentation of selected projects, feedback</b>
25.5. Tue	23:59   TUWEL	Deadline: upload project proposal
27.5. Thu	09:00-11:30 TUWEL/zoom	<b>3<sup>rd</sup> Meeting: Presentation &amp; discussion of proposals, review assignments</b>
13.6. Sun	23:59   TUWEL	Deadline: upload review report
17.6. Thu	10:00-13:00 TUWEL/zoom	<b>4<sup>th</sup> Meeting: Presentation &amp; discussion of reviews</b>
27.6. Sun	23:59   TUWEL	Deadline: upload revised proposals

## Written Stuff...

- **Short project description:** What is it all about? Why are you doing this? Where are you going to apply for funding? (H2020, national research funds, venture capital investors, your own CEO... they are all deeply into RRI!)... **1 page**
- **Full project proposal:** executive summary, budget, market analysis or scientific state of the art, innovative aspects, impact, RRI dimensions, risks, team competences... **about 3000 words**

## Written Stuff...

- **Evaluation report:** Write a fair and thorough assessment...  
But: You're not going to fund a project which is not 100% RRI compliant... **about 2500 words**
- **Final version of project proposal:** incorporate the suggestions from the evaluation report (or explain why you will not change your proposal in this point), integrate feedback from the presentation, make the perfect proposal... **4000 words max**

## Grading factors

- (25%) project proposal (text, presentation, discussion)
- (25%) RRI-evaluation report (text, presentation, discussion)
- (50%) Revised project proposal (sufficiency, form/presentation, RRI dimensions, plausibility)

# Questions...?

Today...

## Phase 1: Find a group, select a project

### Find group

- Self-arrange into groups of 4-6 people (via zoom breakout sessions; after our session today you could use the discussion forum on TUWEL)
- E-Mail us: group name and members, corresponding group member

### Select 1 project/group (existing or fictional)

- Which projects did you finish recently?
- Which projects are you working on currently?
- Do you have any yet fictional projects on your mind, which you would like to develop?

### Send project details (2.5.)

- Short description: goals, (expected) results... What is it all about? Why are you doing this? Where are you going to apply for funding? (H2020, national research funds, venture capital investors, your own CEO... they are all deeply into RRI!)... **1 page**

### Present decision (6.5.)

- **max 5 min presentation**, just a couple of slides (probably not more than 3 – depending on your abilities in speed-talking), q&a...

# Thank you for your attention!
