

INDEX

A

- Abadie, Alberto, 33n6
- Absolute advantage, 606–607
- Accounting costs, 222
- Accounting profit, long-run competitive equilibrium and, 294
- Ackerman, Frank, 661n12
- Acreage limitation programs, 326–327
- Actual returns, 178–179
- Actuarial fairness, 172–173
- Ad valorem tax, 336
- Adams, Frank A. III, 319n4
- Adverse selection, 620–621
- Advertising
 - effects of, 424–428
 - elasticity of demand and, 426
 - in practice, 427–428
 - rule of thumb for, 426–427
- Advertising game, 482–483
- Advertising-to-sales ratio, 426–427
- Agency relationships, 631–636
- Aggregate demand, 129–130
- Agostini, Claudio, 51n14
- Airbus, 505–507
- Airline/aircraft industries
 - competition and collusion in, 493–494
 - jet fuel demand and, 528–529
 - learning curves and, 255–256
 - price discrimination and fares, 402–403
 - regulation and, 321–323
 - strategic policy and, 505–507
- Ajinimoto Company of Japan, 382n16
- Akerlof, George A., 187n26, 618n1
- Allen, Mike, 330n10
- Allocations, efficient, 592–593
- Aluminum smelting
 - short-run cost of, 232–234
 - short-run output of, 282–283
- Amazon, 416
- America Online (AOL), 140
- American Airlines, 384–385, 493–494
- Amortization, 226
- Anchoring, 188
- Animal health warranties, 630
- Antitrust laws, 381–387
 - anticompetitive conduct and, 383
 - Antitrust Division of Department of Justice and, 383
 - enforcement of, 383–384
 - in Europe, 384
 - Federal Trade Commission and, 383
 - illegal combinations and, 381–382
 - parallel conduct and, 382
 - predatory pricing and, 382
 - private proceedings and, 383
- Apple, 7
- Apple iPod, 608–609
- Arbitrage, definition of, 8
- Arc elasticity of demand, 37–38
- Archer Daniels Midland Company, 11–12, 370, 382
- Asset beta, 566
- Assets
 - definition of, 177
 - expected *vs.* actual returns, 178–179
 - risky and riskless, 177–178
- Astra-Merck, 356–357
- Asymmetric information
 - adverse selection and, 620–621
 - efficiency wage theory and, 639–642
 - guarantees and warranties, 627
 - implications of, 620–621
 - integrated firms and, 637–639
 - labor markets and, 639–642
 - managerial incentives and, 636–639
 - market signaling and, 623–628
 - moral hazard and, 628–630
 - principal-agent problem, 630–636
 - quality uncertainty and, 617–623
 - reputation and, 621–622
 - standardization and, 621–622
- AT&T, 411–413, 632
- Auction markets, defined, 509
- Auctions, 509–516
 - bidding and collusion and, 514
 - common-value auctions, 512–513
 - formats, 510
 - Internet, 515–516
 - legal services and, 514–515
 - maximizing auction revenue, 513–514
 - private-value auctions, 511–512
 - valuation and information and, 510–511
 - winner's curse and, 512–513
- Automobile industry
 - choosing new car, 569–570
 - demand and, 41–42, 44–45
 - design and, 77–78, 89–90
 - emission standards and, 17
 - product differentiation and, 444–445
 - regression analysis and, 687–688
 - variable cost curve and, 257

- Autor, David H., 548n11
- Average costs, 231
- Average expenditure
 - curve, 530, 540
 - definition of, 374
 - monopsony power and, 539–540
- Average fixed costs, 228
- Average products
 - of labor curve, 201–202
 - production process and, 199
 - relationship with marginal products, 202
- Average revenue, monopoly and, 350–351
- Average total costs, 227–228
- Average variable costs, 228, 283
- Axelrod, Robert, 490

B

- Babcock, Linda, 190n31
- Backward-bending supply of labor, 531–532
- Badger Meter, 492
- Bads (goods), 77
- Bailey, Elizabeth, 660n10
- Baily, Martin N., 46n11
- Bajari, Patrick, 515n23
- Baker, Jonathan B., 143n14
- Bandwagon effect, 136–137
- Bankruptcies, recent rise in, 274
- Banzhaf, Spencer, 650n2
- Bargaining
 - Coase theorem and, 671, 672–673
 - economic efficiency and, 670–671
 - strategy and, 500–501, 671
- Bargaining power, 541
- Barlow, Connie C., 59n20
- Barnes, James, 39n9
- Barnett, A.H., 319n4
- Barney, Dwane L., 319n4
- Barriers to entry, 368
- Baseball. *See* Major league baseball
- BASF A.G. of Germany, 382
- Battle of the sexes game, 489
- Beach location game, 485–486
- Becker, Gary S., 164n5
- Behavioral economics, 68–69, 185–189
 - anchoring and, 188
 - decision making biases and, 188
 - endowment effect and, 186
 - loss aversion and, 187

Behavioral economics (*contd.*)
 probabilities and uncertainty, 189
 reference point and, 186
 rule-of-thumb and, 188
 Beijing sulfur dioxide emissions, 657–658
 Bell, Frederick W., 674n21
 Berliner, Diane T., 610n9
 Berndt, Ernst R., 427n24
 Berry, Steven, 90n8
 Bertrand, Joseph, 456
 Bertrand model, 456–458
 Bidding, collusion and, 514
 Bilateral monopoly, 380
 Blackley, Dixie M., 305n10
 Blair, Roger D., 319n5
 Block pricing, 396
 BMW, 421
 Boeing, 505–507
 Bonds
 cash flow value from, 557
 definition of, 556
 effective yield on, 557–560
 perpetuities, 556–557
 value of, 556–560
 Bonus-payment systems, 635–636
 Boskin, Michael, 105n13
 Boyle, Robert, 6n2
 Bram, Jason, 33n5
 Braniff Airways, 384–385
 Brealey, Richard, 564n11
 Bryan, Michael F., 105n15
 Budget constraints, 83–86
 Budget line, 83–84, 86, 180–181
 Bundling, 413–423
 mixed *vs.* pure bundling, 418–420
 in practice, 421–422
 relative valuations and, 414–417
 tying and, 423–424
 zero marginal costs and, 419–420
 Burrows, James, 289n5
 Business executives, risk choice and,
 169–170
 Business school, value of, 572–573
 Buyer interaction, monopsony and, 378
 Buyer numbers, monopsony and, 378

C

Cable television, bundling and, 421
 Camerer, Colin, 185n20, 190n31
 Capacity constraints, 45
 Capital
 company cost of, 566
 price of, 235–236
 rental rate of, 236
 Capital asset pricing model, 565–566
 Capital gain, 177
 Capital-intensive technology, 213
 Capital investment
 discount rate and, 561
 negative future cash flows and, 563
 net present value criterion for, 560–563
 opportunity cost of capital, 561
 real *vs.* nominal discount rates and,
 562–563
 Capital loss, 177
 Card, David, 15n9, 542n8
 Cardinal utility function, 81
 Carpet industry, returns to scale in,
 217–218
 Cartels, 469–475
 analyzing CIPEC, 472
 analyzing OPEC, 470–471
 conditions for success of, 470
 definition of, 443–444
 monopoly power and, 470
 price analysis and, 470–472
 Cash flows, negative future, 563
 Caulkins, Jonathan P., 658n7
 Ceiling prices, 58, 311
 Cellular phone service pricing, 411–413
 Centner, Terence J., 630n7
 CEO compensation, 632–633
 Cereal, ready-to-eat, 143–144
 Chain-weighted price index, 104
 Chay, Kenneth Y., 135n9
 Chemical processing industry, learning
 curve and, 255
 Cheshire, Paul, 131n4
